Board of Supervisors Approve Camera Installation

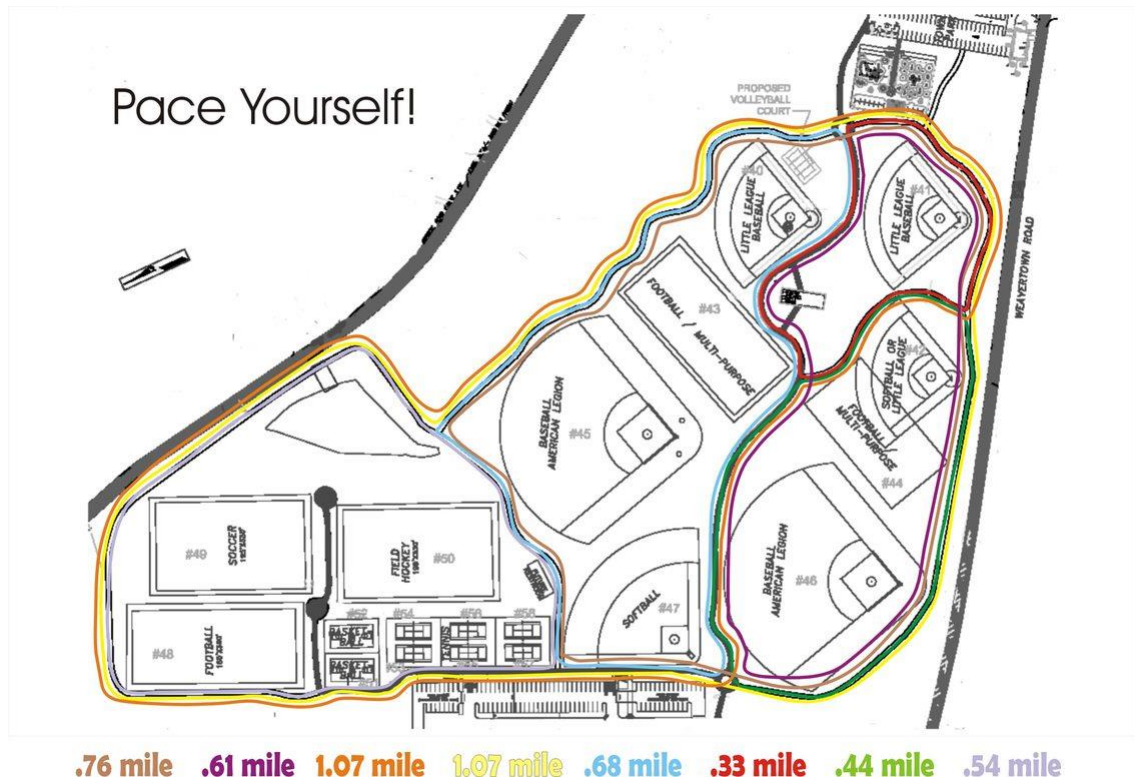

As the Township waits on final quotes for park repairs due to recent vandalism, the Board of Supervisors voted unanimously to approve installation of cameras at both pavilions at Amity Community Park.

Tax dollars pay for repairs to our parks caused by vandals. *If you see something, say something!* Call 610-689-6002 and speak with an officer if you see someone damaging Township property.

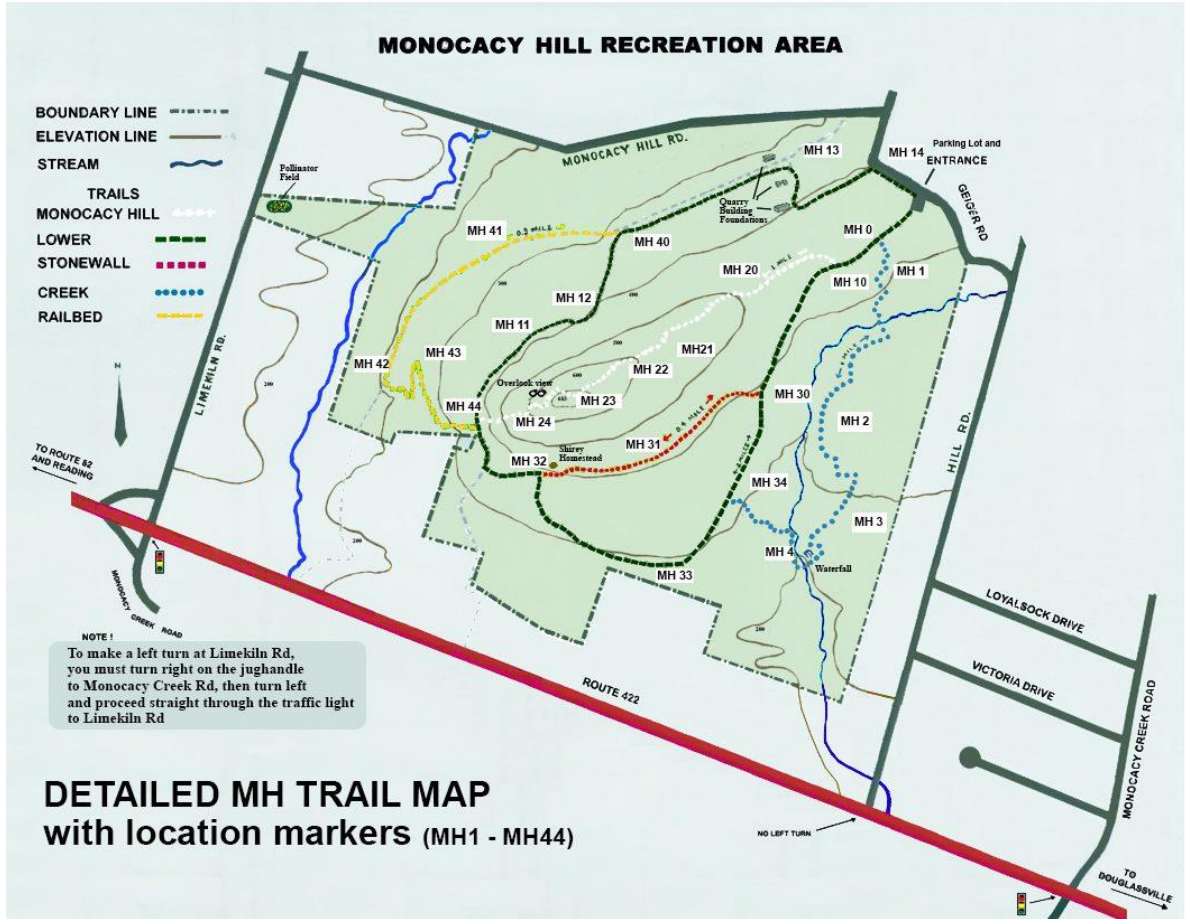

Take a walk or a hike!

If you're looking to get a little fresh air and exercise, consider taking a walk on one of the walking paths at Amity Community Park. There's plenty of parking, two playgrounds and pavilions if you need to take a break.

Dogs ARE NOT permitted at Amity Community Park.

Dogs ARE permitted, however, at Monocacy Hill Recreation Area. You may find your four-legged friends are more likely to enjoy the shade of the Hill, anyway. Don't forget to bring the leash. All dogs must be on a leash and under your control at all times while visiting Monocacy Hill Recreation Area.

By Using the QR code located at the trail entrance in the Geiger Road parking lot, you can carry a trail map with you!

The Board of Supervisors authorized the purchase of swings for Lake Drive Park. Lake Drive is the Township's oldest park and is the most centrally located, providing recreation to many residents within walking distance. Over the past few years, the pavilion was replaced, new playground equipment was installed, new picnic tables were built, and most recently basketball, tennis and skate park surfaces were repaved, as well as the parking lot. If you haven't visited in a while, you will notice some changes!

Tennis Summer Camp begins in June!

Tennis Summer Camp will be offered at Amity Community Park tennis courts beginning in June. Tennis lessons are available to players ages 5 to 18, for beginner through intermediate skill levels. Registration Opened April 24th. Play begins June 5th

Expressing Our Appreciation

We'd like send a big **THANK YOU** out to all Police, firefighters and EMT's, whether they are responding to a call or providing support through community events.

...and to our Public Works department, like our road crew members who keep our streets clear and our parks beautiful.

...and for our Waste Water Treatment Plant and collection system employees who keep it all “flowing” safely and efficiently.

Today and every day, thank you for ALL you do!

Come on out to... 2023
