OLD BUSINESS:

1. Hill Road Park/Letort Playground Install- Hackett Eagle Scout Project: Troy Bingaman met with Alex the afternoon of June 3 and he still hasn't received approval. The Township is going to have him start the project.
2. Tennis Court Lights: ACP looking into getting more lights and to put in lines for coin operators.

NEW BUSINESS:

1. DBAA: The bathrooms at Hill Road were left unlocked. They were trashed and the toilets were totally blocked up. Pat sent an email to Eric Detweiler to have them take better care of the bathrooms. Emails went back and forth about schedules. Field #46 Sr Babe Ruth team only had the field scheduled for games and not practices. Now they aren't going to use field #46 at all due to they feel they are unsafe. Due to the outside lip being too high. Now they will be moving all the games from field #46 to Union Township field or Lake Drive field. They will continue to use field #46 for practice. The School District is taking care of them and the lip is a lot less than a lot of the fields in the county. More infield mix will need to be added to get the lip under control. The Township at the Jamboree was using the gator that DBAA owns. They weren't happy with the Township using the gator that DBAA owns, even though they have used it in the past. A suggestion was made to have the Township and Casey to go to the next DBAA general meeting. They, DBAA, are using water from the utility room to water the fields instead of using the well water.
