

## SEWAGE SLUDGE HAULING & DISPOSAL

Amity Township will accept Sealed Bids until 10:00 A.M., prevailing time, on Tuesday, March 19, 2019 and will be opened publicly, immediately thereafter. Specifications may be obtained from our website [www.amitytownship.com](http://www.amitytownship.com) or picked up in the Township Building Monday through Friday from 8:00 A.M. to 4:00 P.M. The Bid consists of several removal and disposal options and we reserve the right to enter into a contract for any or all of such options. The quantities listed on the bid sheet are estimates, and are subject to change, depending which removal and/or disposal option(s) are selected. We are requesting bids for a (3) three-year and (5) five-year term for any or all of the selected options. The Amity Township Board of Supervisors hereby reserves the right, which is understood and agreed to by all Bidders, to reject any and all Bids and to waive any omissions, errors, mistakes, defects or irregularities in any Bid. Successful Bidders will be required to execute an Agreement with the Township and provide Certificate of Insurance, naming Amity Township as additional insured.

Amity Township  
Board of Supervisors

**Amended 3/12/19 – No Bid Bond required with submission of bid and No Performance Bond will be required upon award.**

Digested Sewage Sludge  
Hauling & Disposal

Amity Township requests proposals to remove and dispose of digested sewage sludge and other solid wastes from its wastewater treatment plant located at 120 Old Philadelphia Pike, Douglassville, PA 19518, in Berks County, Pennsylvania. The Township is requesting proposals for several removal and disposal options and reserves the right to enter into a contract for any or all of such options. The quantities listed below are our estimates, and are subject to change, depending which removal and disposal option(s) is(are) selected. We are interested in a three (3) and five (5) year contract proposals for each option.

Bid Item 1 - **Liquid Sludge Disposal:** Remove and dispose of digested sewage sludge from the Amity wastewater treatment plant at  $\pm 2\%$  solids concentration.

Three Year Bid \$ \_\_\_\_\_/gallon hauled in \_\_\_\_\_ gallon trucks.

Five Year Bid \$ \_\_\_\_\_/gallon hauled in \_\_\_\_\_ gallon trucks.

Bid Item 2 - **Dewatered Sludge Disposal:** Remove and dispose dewatered digested sewage sludge from the plant at a 15% to 26% solids concentration. Estimated annual quantity - 900 tons. Contractor shall furnish a 20 cubic yard roll-off container for Amity use to load sludge at the site. The full dumpster must be picked up the day after being called. The dumpster must be exchanged for an empty one or emptied and returned within three (3) hours. Bidder shall list frequency and content of required laboratory analyses.

Three Year Bid \$ \_\_\_\_\_/ton

Five Year Bid \$ \_\_\_\_\_/ton

Bid Item 3 - **Sewer Grit and Screenings Removal:** Remove and dispose of sewer grit and screenings from the plant. Estimated annual quantity - 40 cubic yards. Contractor shall furnish a 2 cubic yard container for Amity use to load grit at the site. Bidder shall list frequency and content of required laboratory analyses.

Three Year Bid \$ \_\_\_\_\_/ton

Five Year Bid \$ \_\_\_\_\_/ton

The removal of sludge and grit, in whatever form and concentration, shall be in such volumes, at such times and frequencies as determined or approved by the Amity Superintendent.

The prices quoted above shall be "complete" and shall include all labor, equipment, and supervision for the removal from the plant in suitable vessels, for transportation and for ultimate disposal, in a permitted manner and at a permitted/approved site. Any and all permits, approvals, and licenses which may be required to accomplish the contract provisions from the Pennsylvania Department of Environmental Protection or any other regulatory or governmental agencies shall be the sole responsibility of the contractor.

The Township will furnish access to the plant, to the point of loading, during normal working hours. Amity Township will provide required laboratory analyses of the sludge, grit, and screenings on a periodic basis.

Please contact the undersigned if you have any questions or need additional information.

Very truly yours,

Troy S. Bingaman  
Township Manager
